## **8 - RESOURCE SUPPORT FOR THE IMPLEMENTATION OF THE PROGRAMME**

### ***Staffing***

Complies with the Licensing requirements for conducting educational activities. The implementation of the Educational Programme 'International Trade' is carried out by scientific and pedagogical specialists with a scientific degree and/or academic title who meet the requirements of the current legislation of Ukraine, have the sufficient level of scientific and professional qualifications. Practitioners and representatives of professional associations and foreign partners are also involved in the educational process. All research and teaching staff undergo internships/professional development every five years.

### ***Material and technical support***

Fully complies with the Licensing Requirements for Educational Activities. For the convenience of higher education students, the corporate distance learning system and the automated educational process management system "MIA: Education". The university has modern computer labs with specialised software, an Educational and Research Centre for Business Simulation and a Smart Library. All conditions are created for the education of people with disabilities. SUTE's social infrastructure is available.

### ***Information, educational and methodological support***

The ECTS Information Package is being developed for each educational program at the university.

Each student, through his personal account of the ACS "MIA: Education", can review and form his individual plan, view the curriculum, points earned by discipline, class schedule, and communicate with participants in the educational process.

Programmes, work programmes, syllabuses and assessment criteria for educational components are available on the corporate e-learning platform.

The university's electronic repository provides full-text access to SUTE's scientific and educational literature, manuscripts of qualification papers and dissertations for academic degrees. For the convenience of students, the university has developed a catalogue of academic disciplines, which allows students to choose elective educational components.

## **9-ACADEMIC MOBILITY**

### ***National credit mobility***

National credit mobility is carried out within the framework of memoranda of cooperation between SUTE and other higher education institutions (research institutions) of Ukraine in accordance with the law.

***International credit mobility***

The University has concluded cooperation agreements between SUTE and foreign higher education institutions, which provide for partnership exchanges and student training under international programmes and projects within the Erasmus+ programme

***Studying of foreign higher education students***

It is carried out in accordance with the requirements of the current legislation.
